

Techstreet user registration

Creation of a Techstreet account is now required by Standards Australia to access Australian Standards. It will allow you to download and keep the standards offline on your own device for as long as you remain a current University of Sydney staff member or student.

1. [Create an account](#) – Please register with your University of Sydney email.

What will happen next

You will go to Techstreet Enterprise and see a message that your account has been created.

You will receive an welcome email from enterprise@techstreet.com.

Follow the instructions in the email to create your password and set up the FileOpen plug-in.

OK

2. Email confirmation – you will receive a confirmation email, click on the Create Password button in the email and follow the instructions to create a password.

Welcome to Techstreet Enterprise!

An account has been set up for you under The University of Sydney Enterprise's subscription. Click the Set Password button below to create a password and start using the standards in your Techstreet Enterprise subscription.

Create Password

You can always access Techstreet Enterprise directly at <http://subscriptions.techstreet.com>

With Techstreet Enterprise, you can:

- Download and read any standard in your subscription.
- Create lists of related standards for easy access and updates.
- Stay on top of updates to standards important to you.

If this is your first time using Techstreet Enterprise, take a look at our [downloadable User Guide](#).

In order to open a standard in Secure PDF format, you will need to install Adobe Acrobat Reader and the free Adobe-approved [FileOpen plug-in](#). FileOpen is compatible with the following versions of Acrobat:

- Windows: Adobe Reader/Adobe Acrobat 9.0 or later
- Mac: Adobe Reader/Adobe Acrobat 9.0 or later
- Linux: Adobe Reader/Adobe Acrobat 7.0 or 8.0 only

3. To create a password
