

Volunteer Procedures (COVID-19 Season)

It is our heart to continue to keep our College community safe and protected. If you are unwell or exhibit any cold/flu symptoms, please stay at home. The following measures are to be put in place when volunteers are on campus.

- Upon arrival, volunteers must proceed through the Health Station at the College gate, or if volunteering later than 9am, proceed to the College Office for temperature checks.
- Volunteers must sign in and register at the office and sanitise hands.
- There may only be 1 volunteer in a withdrawal space at a time and are not to be in the regular classroom environment at this stage (this specification may change as further relaxations on restrictions come into effect).
- Volunteers are to observe the 1.5m social distancing from other adults while on campus.
- Volunteers are to assist with administrative tasks only or work 1:1 - such as sight words or home readers with a single child at a time (whilst observing distancing protocols) - Hands must be sanitised or washed between working with each child.

We thank all our volunteers for supporting the College and students and for following these guidelines throughout this season.

Stop the spread — coronavirus (COVID-19)

There are 5 ways we can all help stop the spread of viruses

1. Stay home if you're sick. If you have COVID-19 symptoms, get tested.
2. Clean your hands regularly with soap and water or alcohol-based hand rubs.
3. Cover your nose and mouth with a tissue or bent elbow when coughing or sneezing.
4. Avoid touching your face, nose and mouth, and avoid shaking hands.
5. Keep 1.5 metres away from others as much as you can — think two big steps.
